

## Summer Series Race: August 14, 2010

The Race Committee ran the race from next to the 4-hour dock at Burton Chace Park in Marina del Rey, CA. PRO Ralph Middleton offered the following comments from that perspective: "The breeze was about 8 knots and chilly. The sun was trying to break through but never made it. We wondered why the racers took so long. They later reported light and very shifty winds for the 1<sup>st</sup> half of the race, before the afternoon westerly arrived. We had use of South Coast Corinthian Yacht Club's facility after waiting for a member to open it up. Just our little crowd was there, but we did our best to enhance the bar tab!"

Distance: 9.55 nautical miles      Start 1100

Note: Marks AA & F were missing.
