Patriots' Day Race:
September 10, 2011**

This year's Patriots' Day Race was started outside of King Harbor in hope that we could entice some of the King Harbor sailors to participate. Alas, no one from King Harbor showed up, but we did have 6 boats motor down to King Harbor to start the race, which was scored in two fleets. John Ellinwood from Redondo Beach Yacht Club, assisted by Gordon Glattenberg and Elyse Ruth, were the race committee and started the race outside King Harbor at 1200 hours.

The winds were more south than usual, and the two race boats set their spinnakers after rounding the windward mark and heading for Marina del Rey. The winning boat, Aqua Bella, a J105 from California Yacht Club, finished the 12.8 nautical mile course to the Marina in just over 2 hours. In the cruising class, Ray Van Heel sailing Water Rat, a Holder 20, was first around their 9.6 nautical mile course.

After the race the sailors and guests congregated at the SCCYC for Tri Tip Sandwiches and great Trophies made by Adolf Liebe.
